

## **CALLING PROCEDURES BUCKINGHAM NEIGHBORHOOD WATCH**

**DO NOT PHYSICALLY CONFRONT ANYONE YOU FEEL  
IS ACTING SUSPICIOUSLY**

1. If you observe an actual crime being committed call the SHERIFF's OFFICE @ 911. If you observe a suspicious activity first call the home where the activity is taking place. There may not be a problem. If you get no answer to your call then call the SHERIFF's OFFICE @ 247-8200.

Report the details of what you have observed such as # of people, vehicle description, what is happening and the address where it is taking place. The operator will assign your call and EVENT NUMBER. IF the operator does not give you the number, please ask for it and write it down.

2. After you have call the SHERIFF call your two BLOCK CAPTAINS and provide the same information you provided the sheriff's operator plus the assigned EVENT NUMBER and the team you to which you are assigned. It is imperative that you talk to at least one BLOCK CAPTAIN or other adult at their home. If you are unable to reach an adult at your BLOCK CAPTAIN'S residence, leave a message and call the BLOCK CAPTAINS of the next higher zone. What you are trying to do is start information rapidly flowing throughout our neighborhood.

3. Finally, after you have spoken with at least one BLOCK CAPTAIN call another resident of your zone, passing the same information you have given to the CAPTAINS. You are not finished. THANK YOU.

4. BLOCK CAPTAINS—When you receive information from a member of your team (zone) pass that to the CAPTAINS of the higher team (zone) you can reach. If you receive information from other BLOCK CAPTAINS, or the resident of another team (zone) pass that to the next BLOCK CAPTAINS and two other residents of your zone. Calling should cease when the next calls would be to the zone from which the information originated.
